**Statement on Archival Language:**

The David Allan Hubbard Library aims to describe archival materials in a way that is respectful to all communities who use, create, and are represented in our collections. However, the nature of historical materials is such that some material may represent positions, language, values, and stereotypes that are not consistent with the current values and practices at Fuller Theological Seminary.

Within our finding aids, it is possible users may encounter language that is offensive or harmful. While some language included in finding aids was written by staff, other language originates from the people and organizations that created the material. For example, folder titles are often preserved from the creators. It is standard practice not to change them and, in some cases, it provides important context about the materials. When we find problematic language created by archivists and staff we strive to update it. When we find problematic language from the original creator we will transcribe as is to preserve the context of its creation.

## Administrative History

From Fall 1947-Spring 1965, Fuller Seminary's academic programs were administered under a single Dean. Thus, the "Dean Files" from 1947-1965 contains papers related to the general operation of the overall Seminary.

In 1965, the School of Psychology and the School of Intercultural Studies opened, requiring an individual Dean to administer each School. The original "Dean's Office" (1947-1965) transitioned to the Dean's Office of the School of Theology.

Harold Lindsell was a founding member of the Seminary, beginning as Registrar in 1947. He also taught Church History and Missions Orientation. Lindsell served as Dean from 1948-1963.

Daniel Payton Fuller had many and varied roles at the Seminary through the years, including student, teaching fellow, and Dean. He served as a faculty member until 2000.

The Fuller Theological Seminary School of Theology Deans' Files, 1944- consists of the office files of Fuller Seminary Dean's Office (1947-1965) and the Dean's Office of the School of Theology (1965-Present).

The "Dean Files" from 1947-1965 contains papers related to the general operation of the overall Seminary and its programs. Reflecting the the 1965 transition of the original "Dean's Office"

into the Dean's Office of the School of Theology, the collection's contents focus on the School of Theology administration.

Materials include the records of Harold Lindsell (1952 to 1963), Daniel Payton Fuller (1963 to 1973), and William Dyrness (1990-2000). Harold Lindsell's files include Library records kept by the faculty library committee, 1948-1965.

Of particular interest—the collection includes Fuller Seminary's contracts for the Veterans Administration and the Seminary's Articles of Incorporation.

### **Series III: William Dyrness, 1984-2006. Boxes 13-25.**

#### **Series Scope and Content Note**

The Dean William Dyrness series contains records from the School of Theology Dean's Office between 1984-2006. Most records relate to specific Academic Programs within SOT.

Correspondence files include letters by SOT Deans David Augsburg (2000-2001) and Howard Loewen (2001-2013).

The materials' original physical arrangement was retained as well as most of the original folder descriptions. Individual Folders were grouped in larger green hanging folders; both names were included below. The Correspondence File folder descriptions were expanded to clarify the nature of the files. Original descriptions within this section were limited to alphabetical letters (eg "A", "B", etc.).
