1991	TITLE/SUBJECT (compiled by summer interns)
Jan 6	"We Are the Stranger." There is a stranger in each of us and that stranger may be working on behalf of our death rather than our life.
Jan 13	"I'm Here for Humanity" - Stand and be counted, saying "I'm here for humanity and peace." Say no to war...focus on spirit.
Jan 20	"Peace Begins with Me" - We must practice peace at home, in our communities, in our families. Your neighbor isn't only next door but worldwide.
Jan 27	""You Are the Church" – The church is need to change the world, not politicians, corporations, scientists, but people. You and I and others together marching, working, doing God's work.
Feb 17	"Compassion" - Talks about Glide's AIDS project. the church must reach out to those who are rejected, left out
Mar 3	"On Healing" – To heal others you must first be healed yourself. Love yourself and then love others. Empower yourself, then let go to give others their own power.
Mar 10	" Healing, Part 2; Trust and Faith" – We need to trust ourselves, tell our truth and let the guilt go. Trust yourself and be healed so we can heal the world.
Mar 17	"Arise, your light has come!" – Face the truth and deal with it. Quit using lies and excuses. Where is the light? In ourselves. Behold your light; act it, feel it.
Mar 24	"We Need Healers" – Healers help themselves and others to change. They are willing to accept change.
Apr 7	"Stop Lying; Be Authentic and Original" - To become a healer, you must first become whole yourself by quitting lying. Stand up, tell your truth, live your originality and authenticity.
Apr 28	"Estrangement and the Void" – The void we feel is estrangement from others, from ourselves and from our "ground of being" – that which was our origin. Grace sets us free of the void.

May 5	“Separation and Reunion” – The consequence of separation is “us” and “them”, it is Separation from God and is self-destructive. It’s time to reunited with ourselves and each other and God.
May 12	“Grace Abounds” – Grace is given to you already as you are now in life. Live fully now. Grace abounds because we have been freed from that which has held us in the past.
May 31	“Today Is Resurrection Time” – Resurrection is about become...a new attitude. If anyone anywhere suffers, we suffer. And we must act to end suffering worldwide.
June 2	“A Walk through Death” – It takes courage to walk through death. Face it where you are and then go on past death to life. Love is forever. Death cannot overcome love.
June 9	“Come Outta Your Tomb” – You are not stuck in your suffering anymore. Self-definition is resurrection from death. Recovery is stomping out of the tomb of death into life, now, today.
June 16	“A Theology of Recovery” – At the root of every spirituality is a particular, specific experience. It will not take root until you experience it so much that it changes your life, your attitude, your behavior, your mindset. I don’t talk about a personal relationship with Jesus. If I love unconditionally I’ve got a right relationship with Jesus and God.
June 23	“Spirituality Has to Do with Living” – Theology has to do with practice what you preach. To be spiritual is to get beyond our fear. Fear is the opposite of love.
July 7	“Be Strong, Fear Not, for Your Time Has Come!” – on making our lives more natural, more spiritual, more loving
July 21	“The Loss of Self is the Loss of God” – Most folks think we lose God when we say we don’t believe in him anymore. No. It’s when you’re not yourself anymore.
