

**Materials of  
Peter E. Millspaugh  
Among Nixon Presidential Materials, 1969-1972**

The Presidential historical materials of Peter E. Millspaugh, Deputy Special Assistant to the President, are in the custody of the National Archives and Records Service, General Services Administration, under the provisions of Title I of the Presidential Recordings and Materials Preservation Act of 1974 (P.L. 93-526, 88 Stat. 1695) and implementing regulations. In accordance with the act and regulations, archivists reviewed the file group to identify personal and private materials as well as non-historical items; none were found.

Materials covered by the act have been archivally processed and are described in this register. Items which are security classified or otherwise restricted under the act and regulations have been removed and placed in a closed file. A Document Withdrawal Record (GSA Form 7279), with a description of each restricted document, has been inserted at the beginning of each folder from which materials have been removed. A Document Control Record marks the original position of the withdrawn item. Employees of the National Archives will review periodically the unclassified portions of closed materials for the purpose of opening those which no longer require restriction. Certain classified documents may be declassified under the authority of Executive Order 12065 in response to a Mandatory Review Request (GSA Form 7277) submitted by the researcher.
