

# Shmuel Thaler digital photographs Digital Files Directory

---

This searchable document lists the digital files in the Shmuel Thaler photographs.

## Access Information

Open for research. Digital files are available in the UCSC Special Collections and Archives reading room. Some files may require reformatting before they can be accessed. Technical limitations may hinder the Library's ability to provide access to some digital files. Access to digital files on original carriers is prohibited; users must request to view access copies. Contact Special Collections and Archives in advance to request access to audiovisual media and digital files.

## Processing Information

Digital files were received on hard drives in four different accessions. Files were copied off hard drives in 2017, 2021, 2024, and 2025. Duplicate files were not retained. Files were not reformatted and file names are original to the creator.

See the [Collection Guide](#) to the Shmuel Thaler photographs for more information.
