

**Western Behavioral Sciences Institute  
Records, 1953-1991**

**Collection number 615**

**Extent:**

68 cartons (68.0 linear feet)

**Agency History Note:**

Western Behavioral Sciences Institute (WBSI) was founded in 1958 in La Jolla, California by Richard Farson, Wayman Crow and Paul Lloyd as an independent, nonprofit organization devoted to research, education and advanced study in human affairs. Its early work included group encounter sessions involving psychologists such as Carl Rogers. From 1981-1991, WBSI's School of Management and Strategic Studies (SMSS; later the International Executive Forum, IEF and the International Leadership Forum, ILF) pioneered the use of teleconferencing and computer conferencing in leadership development, policy formation, education, health, social welfare and the formation of global communities of influence.

**Scope and Content:**

Collection consists of correspondence, office management files, proposals and grant applications, contractor files, trustees' minutes, teaching materials, publicity files, reports, newsletters, conference schedules and literature, photographs of symposium organizers and participants, audiocassette tapes of lectures and seminars, and videotapes of WBSI publicity and documentaries. The bulk of the collection documents the development and activities of the School of Management and Strategic Studies.

**Organization and Arrangement:**

Files were received in good order and no re-organization was undertaken. Most individual file folders were labeled by the record creators with (1) a brief code indicating the content's format, agency, or project, and (2) title. The files were minimally processed. Contents were re-folded and relabeled with the brief code (serving as a "series" indicator) and folder title; the date or date range of a folder's content was not determined. Files were not physically arranged to be grouped by the "series", but this arrangement could be constructed by manipulating the finding aid's container list.

**Access Points:**

Western Behavioral Sciences Institute -- Archives.

**Source of Acquisition:**

Accessioned by UCSD Mandeville Special Collections Library 1992; transferred to UCLA ca. 1998.

**Restrictions on Access:**

COLLECTION STORED OFF-SITE: Advance notice required for access.

**Restrictions on Use:**

Copyright has not been assigned to the Department of Special Collections, UCLA. All requests for permission to publish or quote from manuscripts must be submitted in writing to the Manuscripts Librarian. Permission for publication is given on behalf of the Dept. of Special Collections as the owner of the physical items and is not intended to include or imply permission of the copyright holder, which must also be obtained.

**Preferred Citation:**

[identification of item], Western Behavioral Sciences Institute Records, 1909-2000. (Collection 615). Department of Special Collections, University Research Library, University of California, Los Angeles

**Processing Notes:**

Box labels constructed by UCSD were transcribed into the container list, for example:

**MSS 226 / MSS 1992.27 (179)**  
**WBSI Records**  
**19-B-5**  
**Corr: A-Army**  
**[Box] 1**

Line 1 (“MSS 226 / MSS 1992.27 (179)”) =	UCSD collection number / annual accession number
Line 2 (“WBSI Records”) =	UCSD collection title
Line 3 (“19-B-5”) =	unknown; perhaps shelving location?
Line 4 (“Corr: A-Army”) =	Box contents’ series and range of label titles
Line 5 (“[Box] 1”) =	UCSD carton number; the word “Box” supplied by UCLA

Folder “series” and titles were transcribed in upper- and lower-case according to appearance on folder labels.
